Process: The block consists of several laser cut brass plates. The brass is polished and then nickel plated. In case of the polished brass finish the plates are lacquered with a transparent lacquer in order to maintain its natural colour. The luminaire is assembled and wired.

**M E L**

‘A solid block’

A clean mirror-finish metal square arrayed with three or four vertical tubes of light, M E L works equally well as a suspension or wall light.

---

**Type**

Wall light
