Bjarke Ingels Group collection

The Pebble series is available in black and white, as well as stainless steel. The black RAL 9005 and white RAL 9003 items come in a matt finish, while the stainless steel comes in our signature satin finish.

As with all our products, this collection is sustainably-produced in our factory in Europe. Each item is hand-crafted with 50-70% recycled steel.

Today that commitment to sustainability exists as a 20-year guarantee on our stainless steel parts. This commitment extends to responsible sourcing of our steel, to low-emission hand assembly and to a lean factory that never produces more than what is needed.
