# DROP

## Drop Chandelier Bulb

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

The Drop Series is a family of drop shaped lampshades, with great flexibility through adjustable lampshades. The lamp is inspired by Danish Modernism and the 1950s iconic and experimental approach to lamp design. The drop shaped lampshade ensures and optimizes light diffusion, while the underside of brass gives the room a warm lighting.

The Drop Pendant Bulb takes the extravagance from the chandelier version and creates a warm light that we here in Denmark refer to as "hygge". The drop shaped lampshade can be adjusted in multiple different angles, enabling the user to create a specific and unique atmosphere.

# DROP

## Drop Chandelier Mini Bulb

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

The Drop Series is a family of drop shaped lampshades, with great flexibility through adjustable lampshades. The lamp is inspired by Danish Modernism and the 1950s iconic and experimental approach to lamp design. The drop shaped lampshade ensures and optimizes light diffusion, while the underside of brass gives the room a warm lighting.

Drop Chandelier Mini is the newest addition to the Drop collection, and is approximately half the size of the original Drop Chandelier. The lampshades can be adjusted in multiple different angles, enabling the user to create a specific and unique atmosphere.

# PAPILLION

## Papillion Pendant

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

Papillion refers to the French word for butterflies “Papillion”. The lamp consists of 6 illuminating lampshades, each elegantly position in a lightweight metal construction, which together forms the shape of a hexagon. The floating lampshades reflects the direct light towards the ceiling, and filters indirect light towards the space underneath. The 6 arms are mounted to a riffled center piece, adding a shimmering and reflective quality to the lamp.

Papillion comes in brass with perforated lampshades, which filters the light through every little hole in the perforated lampshade. Papillion also comes in an oxidised version with lampshades of white opal glass, which creates a warm and cozy lighting.

# NO. 2

## NO. 2 Pendant Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

NO. 2 is a Pendant lamp with an Art Deco inspired socket detail. The opal glass bulb creates a warm lighting, while the vertical lines on the socket adds a shimmering quality to the lamp.

NO. 2 is all about details and proportions. The final design is result of many small adjustments and proposals, from where suggestion NO. 2 was chosen.

NO. 2 can be used as a single pendant or in a collection of many pendants together.

# THE CLAM

## Clam Pendant - Clam Table Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

The Clam Series is a family of ceiling and table lamps, where the two lampshades surround the light, creating a fascinating graduation between direct and indirect lighting. The minimalistic lamp consists of a lamp base and two identical lampshades, with a wreath that fits the lamp base. The flexible lampshade can be positioned according to the user's needs, where it is possible to change direct and indirect lighting. The flexible lamp can be used both as a table- or floor lamp with the possibility of exciting lighting.

# AD

## AD Floor Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

AD Floor Lamp is inspired by the iconic Art Deco patterns, where trapezoidal shapes expand into symmetric patterns. AD consists of two conical lampshades made from spun aluminum. The lampshades are based on the same conical shape, which gently encloses the light source and gives a smooth light scattering. The sculptural construction is based on a plate geometry, which creates optical illusions between the light and massive.

# HOOP

## Hoop Floor Lamp // Hoop Table Lamp

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

---

So simple, yet so sophisticated and uncompromised. It is hard to believe that a simple shape can create a stunning and art like lamp, but the Hoop series gives you just this with an almost naive essence of geometry and form. The silhouette itself can light up even the darkest places and by offering the Hoop lamps in both brass and bronze it is possible to create two unique atmospheres with the same lamp.

# DUSK

## Dusk Table Lamp

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

---

With its layered shades the Dusk and Dawn lamp series playfully divides the light into a rhythm of exposure. The almost eclipse-like feeling contributes to an intimate and cozy atmosphere creating an art piece in itself. By challenging the material and form of the base the Dusk and Dawn lamps has become a new way of presenting and integrate light design in interior schemes.

The raw handmade oxidized aluminum base creates stability and continuity to the lamp while the two spun oxidized aluminum shades create a geometrical and clean look that gives depth to the smooth light.

# DAWN

# THE MOON

## The Moon Floor Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

The Moon is a minimalistic floor lamp inspired by minimal arts and industrial sculptures. The lamp is a carefully constructed geometry, where each component is perfectly weighed in relation to each other. The lamp has two light sources placed as compositional fix points along an oxidized brass arm. A large circular lampshade is hanging from the lamp arm as a floating reflector in the space. The reflector lampshade of brushed brass is illuminated on both sides, and creates a warm and soft light setting. The lamp is mounted to cylindrical base of unpolished black marble in order to stabilize the structure.

# BULL

## Bull Table Lamp // Bull Floor Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

The Bull lamp is a sculptural lamp, inspired by the characteristic use of animal pictures in Danish Modernism from 1940s to 1960s. The lamp is named after its bull like lampshades of opal glass, which gives a smooth light scattering and a characteristic expression.

Bull consists of an unpolished black marble base, complimented by a lamp arm in oxidized aluminum and covered by spun cognac leather. The upper parts of the lamp are also made from oxidized aluminum, creating a beautiful contrast between the textured metal surface and the smooth translucent opal glass. The interaction between the many exquisite materials creates a refined expression, which makes the Bull lamps more than just a light source.

# MUSHROOM

## Mushroom Table Lamp // Mushroom Floor Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

The Mushroom Table Lamp is inspired by the archetypal fungus form, consisting of a lamp base in brushed brass and a lampshade in smoked glass. The lamp socket is stored in the lamp base, giving the lamp a simple and light expression.

The lampshade of smoked glass is easily placed in a slid in the lamp base, and can easily be moved in case of replacing the bulb

# BRUTALIST

## Brutalist Table Lamp

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

Brutalist is a sculptural table lamp made from cast lightweight concrete with a hidden light source. The lamp is named after the architectural style Brutalism, and is inspired by architectural masterpieces by Le Corbusier and Frank Lloyd Wright. Brutalist consists of merged geometric shapes, where the composition of elements reflects the need to both hide and maximize the light source. The contrasting concrete material creates a nuanced surface, which beautifully reflects the adjustable light source.

# HAKO BAR

## Hako Bar Mesh

Designed by Kristian Sofus Hansen & Tommy Hyldahl

---

Hako Bar is versatile piece of furniture, functioning as a bar for drinks or storage for books and objects. Hako is handmade of massive oak with inlaid French bamboo mesh, creating a semi-transparent front surface around the box. The conic shaped legs and slim metal tray is made of brushed plated metal. The design is inspired by the Japanese way of using wooden boxes in interior. Hako is the Japanese word for box or storage.

# NEO

## Neo Side Table

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

---

Neo is a modern side table with sophisticated and sculptural profile. The table is designed to highlight the quality and rich textures of the material itself. The geometrical lines catch the eye with its sleek, slimline frame with its untraditionally outlook becoming a functional sculptural piece of art. Made from casted aluminum the tables lines allow light to flow in interesting ways, while its sturdy burned finish adds warm, rosy tones. Neo is available in both raw cast aluminium and unpolished white marble from India.

# BOW

## Bow Console

Designed by Nicolaj Nøddesbo & Tommy Hyldahl

---

The Bow series have parallels to the old aqueducts from the roman empire. Repetition of arches are creating a beautiful silhouette combining architecture and design, creating a boxy and pure design classic. The Bow console table are handmade in full casted aluminum both plated in burned black.

# PHANTOM

## The Phantom Coffee Table

Designed by 101 Copenhagen Design House

---
